SPIRITUAL SCIENCE TEXT BOOKS

Now Spiritual Science Is Made Easy For Every School And College !

This academy has taken up and completed the task of codifying proper text books on Spiritual Science on par with other texts of academics for being taught in each and every educational institution. Separate Text books are devised for each standard say from VI to XII and for the degree course. These books can be introduced under " Moral Science " or " Value Education " which is provided by educational authorities. Topics included are of great relevance to developing essential insights of Spiritual Wisdom among the students and bring in high social values into the society. And the books designed for a year long course are well suited for induction into the academics of educational institutions in order to transform their wards into Wisdomful Nation Builders of tomorrow.
